FOI REQUEST NUMBER 112-2015

Request:

I would like to know the dates that the following events occurred with regard to forensic services (Norvic clinic and meadowlands)

- a. Staff were stopped from smoking when on duty.
- b. Patients were stopped from smoking inside the wards.

Response:

The Forensic Wards went non-smoking – staff and patients in 2009.

Staff have not been stopped from smoking on duty but this would no longer be on the actual wards since they went non-smoking.

I have been informed that more detailed information should be in the Trusts Staff Partnership meetings of which UNISON would have participated, and would have copies of these minutes.
