## FOI REQUEST NUMBER 172 2015

**Request:**

I would like to request the following information under the Freedom of Information Act.

Please can you confirm you have received this email.

1. Please can I have a list of every database your authority holds alongside a description of what the database is.

To clarify I am not requesting the databases themselves just their names and descriptions.

I would prefer to have this information in Excel form.

**Response:**

Thank you for your recent request under the Freedom of Information Act. Can you please confirm what information you are requesting in regards to “databases” do you mean clinical or other. If it is clinical we can provide you with a list of the various clinical systems that the Trust use. If it is any database that is held by the Trust then I think it would be unlikely we would be able to answer this question as staff can keep numerous databases within each individual department and to locate and collate a list of all of these would be over the 18 hours appropriate time limit set under the Freedom of Information Act.

I will place the request on hold until I receive clarification from you.
