

# Mental health, Drugs, Alcohol...

◆ Complex needs ◆ Effective responses?

A free half-day event for Trust members and anyone interested in the complex needs and support for people who have mental health problems and use substances – sometimes referred to as dual diagnosis.

- Hear more about the nature of the need and current research
- Find out about assessments of needs in Norfolk and Suffolk
- Listen to service user and carer experiences
- Explore different professional perspectives

Book your place today:
